

2nd PAC Progress Report

Date 10/28/2011

PAC Field of Study: Music

TAOC Member Submitting Report: John Villella

Project Status

Briefly describe the PACs progress to date.

Preliminary agreement on several competencies have been identified in basic musicianship, performance, and music analysis. We are not sure this list completely addresses our needs and look forward to feedback from other institutions.

Resolved Issues

List issues resolved by the PAC since submitting the last report to PDE. Attach related documents, if necessary.

The standard areas are in agreement. Student learning outcome expectations still seem to vary widely as the discipline has varied levels of accomplishment even at the professional level.

Unresolved Issues

List outstanding issues still being discussed. Attach related documents, if necessary.

Our committee is not in agreement with the 30 credit general studies component as presently outlined.

Next Steps

Outline the PAC's next steps in completing the agreement. Include a deadline for each step.

- Continue refining the competencies listed, both as stated and determining and adjusting as necessary which sub-caption to list the competence – October 28 – November 18
- Encourage other institutions to view and comment on what has been submitted to date – October 28 – November 18
- Review feedback with committee members – November 18 – November 25
- Edit and complete the second draft document – December 1
